42 YEARS IN THE MAKING

Founded by Esther Cohen in 1976, PI Fine Art is one of the largest vertically integrated art companies in North America, specializing in art, custom wallcovering, mirrors and alternative wall décor. Through close collaboration with skilled artists and in-house designers, we've created artwork for hotels, commercial, healthcare and residential spaces. As a full service, vertically integrated company, PI Fine Art manages every step within the art development and supply chain process — from art consulting to publishing and manufacturing.

THE CREATIVES BEHIND THE BRAND

Our creative team consists of highly skilled artists, designers and craftspeople. We embrace curiosity — exploring materials, interpreting trends and innovating our ideas. We'll work with you on creating concepts for your project, collaborating on customized fine art options that perfectly accompany your project's vision and budget.
